EXPERIENCE

Chief of Staff · AnalystAI www.analystai.ai	2025–2026
- Partner with the CEO on product strategy, business operations and the development of AI-powered solutions for investment and operating teams. - Lead product management, testing and cross-functional delivery across multiple AI products, from business requirements and user journeys to engineering prioritisation and deployment. - Manage AI product development for international clients including Keppel Corporation, Marcus & Millichap, Thrive Senior Living and Socida, coordinating engineering teams, client requirements, testing and implementation. - Support product demonstrations, onboarding and continuous improvement across investment, healthcare and operating-intelligence use cases. - Work hands-on with tools including Cursor, Codex, Claude Code, ElevenLabs and Meta Business Suite.	
Chief of Staff · GA Capital www.gacapital.ai	2025–2026
- Support the CEO across transaction execution, client management, business development and strategic initiatives within an AI-native M&A advisory firm. - Contribute to live M&A engagements through due diligence, market and financial analysis, investor and lender outreach, data-room management and client materials. - Coordinate communication across clients, investors, lenders, advisers and internal teams to maintain transaction momentum and timely execution. - Support the use of AnalystAI products on international M&A mandates valued at over \$20 million.	
Marketing Specialist · Mentor Özel Ders mentorozelders.com	2024–2025
- Dynamic Instagram management and content strategy. - Post and pre-design and creation of seasonal content calendars.	
SEO Intern · Docquity, Doctor Jobs Today docquity.com	2022–2023
- Supported the copywriting and SEO team by creating engaging blog posts and content. - Contributed to improving Docquity's Google Search Rankings, increasing traffic from Malaysia, the Philippines and Indonesia.
